THE WAR IS OVER.

The Peace Protocol Signed—All Naval and Military Commanders to Suspend Hostilities—The Blockade Raised.

Washington, D. C., Aug. 12.—The peace protocol was signed today at 4:23 p. m. by Secretary of State Day, representing the United States, and M. Cambon, the French ambassador, representing the Spanish government. The protocol provides:

1. That Spain will relinquish all claim of sovereignty over and title to Cuba.

2. That Porto Rico and other Spanish islands in the West Indies and an island in the Ladrone, to be selected by the United States, shall be ceded to the latter.

3. That the United States will occupy and hold the city, bay and harbor of Manila pending the conclusion of a treaty of peace which shall determine the control, disposition and government of the Philippines.

4. That Cuba, Porto Rico and other Spanish islands in the West Indies shall be immediately evacuated and that commissioners, to be appointed within ten days, shall, within thirty days from the signing of the protocol, meet at Havana and San Juan respectively, to arrange and execute details of the evacuation.

5. That the United States and Spain will each appoint not more than five commissioners to negotiate and conclude a treaty of peace. The commissioners are to meet at Paris not later than Oct. 1.

6. On the signing of the protocol hostilities will be suspended and notice to that effect will be given as soon as possible by each government to the commanders of its military and naval forces.

As soon as the peace protocol was signed the president issued a proclamation ordering a cessation of hostilities, and the following orders were sent out:

"Navy Department, Washington, Aug. 12.—Sampson, Santiago: Suspend all hostilities. Blockade of Cuba and Porto Rico is raised. Howell ordered to assemble vessels at Key West. Proceed with New York, Brooklyn, Indiana, Oregon, Iowa and Massachusetts to Tompkinsville. Place monitors in safe harbor at Porto Rico. Watson transfers his flag to Newark and will remain at Guantanamo. Assemble all cruisers in safe harbors. Order marines north in Resolute.

ALLEN, acting secretary.

Navy Department, Washington, Aug. 12.—Remy, Key West: In accordance with the president's proclamation suspend immediately all hostilities. Commence withdrawal of vessels from blockade. Order blockading vessels in Cuban waters to assemble at Key West.

ALLEN, acting secretary.

The notification to Admiral Dewey was not made public, but Assistant Secretary Allen stated that besides being put in possession of the president's proclamation he was ordered to cease hostilities and raise the blockade at Manila.

In compliance with the orders sent Admiral Sampson and Commodore Remy, each will send a vessel around the coast of Cuba to notify the blockading squadron that the blockade has been raised.

Admiral Schley being on the Brooklyn and included in the orders to that vessel will come north with her. The order sent to Gen. Merritt to suspend hostilities was as follows:

"Adjutant General's Office, Washington, Aug. 12, 1898.—Merritt, Manila: The president directs all military operations against the enemy be suspended. Peace negotiations are nearing completion, a protocol having just been signed by representatives of the two countries. You will inform the commanders of the Spanish forces in the Philippines of these instructions.

Further orders will follow. Acknowledge receipt.

By order of the secretary of war.
H. C. CORBIN,
Adjutant General.

The orders sent to Gen. Miles and Gen. Shafter were identical with the above save as to the names. As the order states, further instructions will be sent to each general.

Gen. Merritt will be directed to confer with the Spanish commandant at Manila to carry out the terms of the protocol and to occupy Manila immediately. Gen. Miles will put himself, in communication with the chief authority at Porto Rico for the purpose of having the Spanish forces turn over San Juan and other points to him preparatory to evacu-

ation. Owing to conditions in Cuba, the orders to Gen. Shafter to be sent hereafter will be much different from those to other generals.

The Southern Pacific has been notified by Houston authorities to run no more trains from the east until further orders.

Indians in a Serious Row.

Shawnee, Okla., Aug. 13.—News reached here late last night of a serious stabbing affray that took place near the Indian "stomp" dance, six miles east of Earlboro, says the Shawnee Daily News. One, Ike Jones was fatally stabbed in the back by Johnson Tiger, (both Indians) and Jones will die. Marshal Douglas was near the scene of the trouble and lost no time in capturing the murderer and took him to Muskogee to turn over to the authorities there. Whisky was at the bottom of the affair.

To Prospect for Coal.

Washington Aug. 13.—The officials of the geological survey are of the opinion that the Philippine Islands may be rich in coal and petroleum deposits, and say that it is known that gold is to be found there. It has been decided to make an examination of the mineral deposits of the islands, and Dr. George F. Baker of the geological survey, will proceed to Manila as soon as possible. He will be taken care of by the military and naval departments while traveling and during his stay in the Philippines.

Carlisle Rising Imminent.

Brussels, Aug. 13.—An exceedingly doubtful story is published by the Soir, of this city, in a dispatch from Barcelona, which says that, at a recent meeting of the Carlisle leaders, it was decided to immediately take action, and that orders were issued for the Carlisle to assemble.

It is further said to be reported that Don Carlos personally enters Spain on Monday or Tuesday next and that, in the meanwhile 180,000 rifles and quantities of ammunition have reached the Carlisle.

Train Taken by Tramps.

Ardmore N. D., Aug. 13.—Last night about fifty tramps held up Great Northern No. 15 freight at Grand Forks station. They boarded the train, refusing to get off, and pulled guns on the train crew. The officers here were notified by wire. A posse was organized, the train was stopped just before entering the city and nearly all the tramps captured and landed in jail. The railroad intends prosecuting the prisoners as an example to others.
